Nuc

The critically acclaimed Ligeti Quartet perform tracks from their 2023 album *Nuc* fusing **acoustic and electronic music for string quartet** by the Mercury-prize nominated composer **Anna Meredith**.

The result is a joyful, occasionally furious, never too serious, energetic yet restful collection of tracks which dazzle with Anna's signature compulsive harmonies, rhythmic shifts of gear and sparkling textures.

Bespoke projections are by animator Ewan Morris Jones, along with a **video** for 'Tuggemo' featuring a melee of plant, animal and mineral creations which swarm together as the song swells.

Created using a combination of 2D animation and AI techniques, the visual is a compelling, colourful and hypnotic evolution story.

Nuc is performed **amplified** with a full **electronic backing track**. The Ligeti Quartet's disc was one of The Guardian's Top 10 Contemporary Albums of 2023.

Programme length: one hour, or two x 45 mins with added repertoire such as Ligeti String Quartets, Reich 'Different Trains', George Crumb 'Black Angels'.
